- 1. Plans have been worked out to construct a U-hoat base (Stützpunkt) on the northern part of the Island of Rugen near the town of Wick on a small bay just west of Altenkirchen (N5%/P6%). Work is to begin in 1952 if possible.
- It is reported that the Peenewonde complex, including a power plant, an sirfield, etc., has row been completely closed off by Russian troops. At the same time, the salvage overations which had been conducted by a VEB Bergungsbetrieb, a firm for removing rubble (Enttrumerungsfirme), has storped, even though a great 'eal of salvageable material is still lying around. The Russians are constantly blasting on the grounds, and smoke from the explosions can be seen at a distance of from eight to ten kilometers; it is to be argumed that rather large installations are to be consuructed here.
- 3. A German underground construction firm has made prevarations for laying a hew ground cable on both sides of the road from Rostock to Stratsund. Cable shafts 30 to 100 cm. deep and 45 to 50 cm. wide are being dug in the shorlders of the road. No rolls of cable were observed.
- A. It is reported that Furdan soldiers are once again to be stationed at Greiz (M51/K13). The carernes in Greiz have already been prepared for occurancy.
